

# GOOD SCRIBES ONLY

THE PODCAST

**STRIPPING  
BOOKS  
TO THEIR  
CORE**

Jeremy Streich and Daniel Breyer are tech entrepreneurs, investors, and writers with a common goal: **to make a positive impact in the world by inspiring others to read.**

They combined their talents with their passion and created the podcast **Good Scribes Only** to gather and inspire like-minded readers who enjoy fiction.

As writers and prolific readers, Daniel and Jeremy embarked on a journey that **honors the magic of books and their love for writing.**

**Good Scribes Only is a space for curious minds to explore, challenge themselves, and think differently through books.**

With passion and wit, the podcast stokes the mind, **breaking down literature's greatest and most complex lessons**, making them relatable to our everyday lives.

**WHAT ARE YOU READING TODAY?**

# OUR PHILOSOPHY

## **We are more than a podcast.**

We are a movement of people who believe something magical— something transformative—happens when you open a book.

We are a community of inquisitive readers navigating complex worlds and philosophical challenges.

We are a sandbox for exploring life's deepest questions and lessons most accurately expressed in books

We are literary sherpas on our way up the mountain, with a mission to create a better world—**one book at a time.**

HOSTED BY

**DANIEL  
BREYER.**

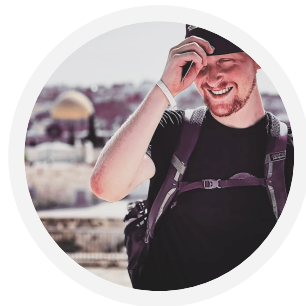

Daniel is a venture investor (partner at Breyer Capital) and novelist.

Fun fact: he's also a bit of a biohacker!

He grew up in San Francisco, where he currently resides alongside Nahko, the fluffiest Samoyed on Earth.

As a student at Brown University, Daniel studied history, adding depth to his literary background and complementing his passion for Eastern philosophy.

He loves reading so much that he collects books—and also has an epic whiskey collection!

HOSTED BY

**JEREMY  
STREICH.**

Jeremy is a startup founder (Podsource) and novelist.

Fun fact: he has traveled to over 25 countries and speaks Spanish fluently.

Having grown up in Rhode Island, his studies brought him to Washington, DC, where he studied Economics and English at Georgetown University.

Jeremy currently lives in Austin, Texas, though he spends much of his time traveling. He leads an active lifestyle, focusing on yoga, strength training, and running (plus, he previously ran a marathon).

His passion for cultures translates into his hobbies: he has a blue belt in Brazilian Jiu Jitsu, loves connecting with nature (he actually only eats plants), and is deeply interested in Eastern philosophy.

# THE PODCAST

**GOAL:**

Exploring complex philosophical questions posed in fiction books and stripping them to their core, so people can apply them in life.

**SCHEDULE:**

8 Episodes per season.

4 Special Edition Episodes in between seasons.

VIRTUES & VICES

# VIRTUES & VICES

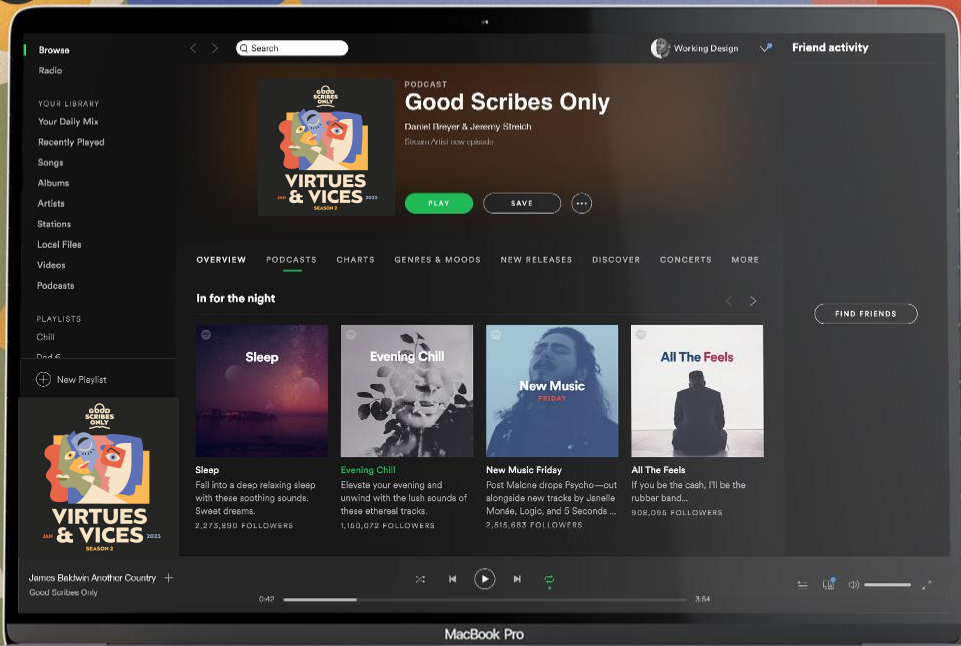

SEASON 2

## Let's talk dichotomies!

This season, examine our own perspectives on the cardinal vices and virtues.

Can a vice be a component of a virtue? Over-reliance on virtue a vice? Season 2 explores the ambiguity of modern life and the moral clarity that comes when we honor our desires and those of our surroundings.

**Join us every Thursday** for a magical journey through some of Literary Fiction's most epic pieces to find the lessons and strip them to their core.
